

THE 2018 GREAT AMERICAN ARCTIC BIRDING CHALLENGE!

March 1 - June 1

Birds migrate from all 50 US states to spend their summers in Alaska's Arctic. How many of these spring migrants can you find in your state?

THE CHALLENGE:

1. Recruit your team (up to six people).
2. Download the Great American Arctic Birding Challenge checklist at www.AudubonAlaska.org. Direct link: <http://bit.ly/2soyHqF>
3. Record your birds. If at least 2 team members (on teams of 2 or more) identify a bird by sight or sound, mark it on the checklist.
4. Submit your checklist. Submit your list by email by 11:59pm (AK time) on June 1 or have it postmarked by June 1. Submission details are on the checklist.

THE PRIZES:

There are two categories: Alaska and Lower 48. All sightings must be within the geographic boundaries of the categories. Only the first place teams in each category will receive prizes. Everyone on the team will receive a prize!

Arctic National Wildlife Refuge Bonus Prize: Any teams that find 10 or more species that migrate to the Arctic Refuge (marked with asterisks on the checklist) will receive an Audubon AK Bird of the Year sticker!

Winners will be announced by June 30!
